BY AUTHORITY.
**Public Acts of the Thirty-Sixth Con-
gress of the United States.**
Enacted at the second session, which was begun and
held at the City of Washington, in the District of
Columbia, on Monday, the third day of December,
A. D. 1860, and ended on Monday, the fourth day
of March, A. D. 1861.

**JAMES BUCHANAN, President. JOHN C.
BRECKINRIDGE, Vice President, and Pres-
ident of the Senate. WILLIAM PEN-
NINGTON, Speaker of the House of Rep-
resentatives.**

CHAPTER XXVIII.
**An Act to provide for the Payment of out-
standing Treasury Notes, to authorize a
Loan, to regulate and fix the Duties on
Imports, and for other Purposes.**
Enacted by the Senate and House of Representa-
tives of the United States of America in Congress
assembled:

That the President of the United States
be, and he is, authorized at any time
within twelve months from the passage of
this act, to borrow on the credit of the U. S.,
a sum not exceeding ten millions of dol-
lars, or so much thereof as, in his opinion,
may be necessary, to be applied to the pay-
ment of the principal of the outstanding
treasury notes now outstanding, and for
other purposes, in addition to the money
received or which may be received into the
treasury from other sources: Provided,
That no stipulation or contract shall be
made to prevent the United States from re-
imbursing any sum borrowed under the au-
thority of this act at any time after the ex-
piration of ten years from the first day of
July next, by the United States giving three
months' notice, to be published in some
monthly publication, to the payment of the
principal of the said notes, and the balance
of the said money, to be paid to the said
contract, should be made to prevent the re-
demption of the same at any time after the
expiration of twenty years from the said
first day of July next, without notice.

Section 2. And be it further enacted,
That stock shall be issued for the amount
so borrowed, bearing interest not exceeding
six per centum per annum; and the Sec-
retary of the Treasury be, and he is, au-
thorized, with the consent of the President,
to cause certificates of stock to be prepared,
which shall be signed by the Register and
sealed with the seal of the Treasury De-
partment, for the amount so borrowed, in
favor of the parties lending the same, or
their assigns, which certificates may be
transferred on the books of the treasury,
under such regulations as may be estab-
lished by the Secretary of the Treasury: Pro-
vided, That the said certificates shall be
for a less sum than one thousand dollars.
And provided, also, That, whenever re-
quired, the Secretary of the Treasury may
cause coupons of semi-annual interest pay-
able thereon to be attached to certificates
issued under this act; and any certificate
with such coupons of interest attached may
be assigned and transferred by delivery of
the same, instead of being transferred on
the books of the treasury.

Section 3. And be it further enacted,
That the Secretary of the Treasury shall, as
the exigencies of the public service require, cause
to be inserted in two of the public news-
papers of the city of Washington, and in one
or more public newspapers in other cities
of the United States, public notice that
sealed proposals for so much of said loan
as is required, will be received until a cer-
tain day, to be specified in such notice, not
less than thirty days from its first inser-
tion in a Washington newspaper; and such
notice shall state the amount of the loan,
at what periods the money shall be paid, if by
installments, and at what places. Such
sealed proposals shall be opened, on the day
appointed in the notice, on the day appointed
in the notice, in the presence of such
persons as may choose to attend, and the
proposals decided on by the Secretary of
the Treasury, who shall accept the most
favorable offered by responsible bidders for
said stock. And the said Secretary shall
report to Congress, at the commencement
of the next session, the amount of money
borrowed under this act, and of whom and
on what terms it shall have been obtained,
with an abstract or brief statement of all
the proposals submitted for the same, dis-
tinguishing between those accepted and
those rejected, with a detailed statement of
the expense of making such loans: Pro-
vided, That no stock shall be disposed of at
less than its par value: And provided, fur-
ther, That no part of the loan hereby au-
thorized shall be applied to the service of
the present fiscal year.

Section 4. And be it further enacted,
That in case the proposals made for said
loan, or for so much thereof as the ex-
igencies of the public service shall require,
shall not be satisfactory, the President of
the United States shall be, and he is, au-
thorized to decline to accept such offer,
if for less than the par value of the bonds
constituting the said stock, and in lieu
thereof, and to the extent and amount of
the loan authorized to be made by this act,
to issue treasury notes for not less than fifty
dollars, bearing interest at the rate of six
per centum per annum, payable semi-an-
nually on the first days of January and July
in each year, at proper places of payment
to be prescribed by the Secretary, with the
approval of the President; and under the
like circumstances and conditions, the
President of the United States is hereby
authorized to substitute treasury notes of
equal amount for the whole or any part of
any of the loans for which he is now by law
authorized to contract and issue bonds.
And the treasury notes so issued under the
authority herein given shall be received in
payment for all debts due the United States
when offered, and in like manner shall be
given in payment for any sums due from
the United States, when payment in that
mode is requested by the persons to whom
payment is to be made, or for their par
value in coin. And the faith of the United
States is hereby pledged for the due pay-
ment of the interest and the redemption of
the principal of the stock or treasury notes
which may be issued under the authority of
this act; and the sum of twenty thousand
dollars is hereby appropriated, out of any
money not otherwise appropriated, to be
expended in the expenses of preparing the
certificates of stock or treasury notes

herein authorized, to be done in the usual
mode and under the restrictions as to em-
ployment and payment of officers contained
in the laws authorizing former loans and
issues of treasury notes; and it shall be
the option of holders of the treasury notes
and it shall be at the option of holders of
the treasury notes hereby authorized by
this act, to exchange the same for the stock
herein authorized, at par, or for bonds, in
lieu of which said treasury notes were is-
sued: Provided, That no certificate shall
be exchanged for treasury notes, or bonds,
in sums less than five hundred dollars:
And provided, further, That the authority
to issue the said treasury notes, or to give
the same in payment for debts due from the U. S.,
shall be limited to the first day of April,
June, 1862; and that the same may be re-
deemed at the pleasure of the U. S. at any
time within two years after the passage
of this act; and that said notes shall be
called in by the Secretary of the Treasury
under the provisions of this act.

Section 5. And be it further enacted,
That from and after the first day of April,
A. D. 1861, in lieu of the duties hereto-
fore imposed by law on the articles hereinafter
mentioned, and on such as may be
hereafter exempted from duty, there shall be
levied, collected, and paid, on goods, wares,
and merchandise herein enumerated and pro-
vided for, imported from foreign countries,
the following duties and rates of duty, that
is to say:

First: On raw sugar, commonly called
Muscovado or brown sugar, not advanced
beyond the raw state by refining, or other-
wise, on a ton of sugar, or of sugar cane,
and concentrated molasses, or con-
centrated melado, and on white and clayed
sugars, when advanced beyond the raw
state by refining, or otherwise, and not re-
fined, three fourths of one cent per pound;
on refined sugars whether leaf, lump, pul-
verized or crushed, two cents per pound;
on sugars after being refined, when they
are in bulk, one cent per pound; and when
they are in packages, one cent per pound;
on molasses, one cent per pound; and on
concentrated melado, one cent per pound;
on sugar cane, concentrated molasses, or
concentrated melado, shall be liable to re-
fute to the U. S., on molasses two cents
per gallon; on molasses of all kinds,
not otherwise provided for, thirty per centum
ad valorem.

Section 6. And be it further enacted,
That from and after the day and year aforesaid,
there shall be levied, collected, and paid,
on the importation of the articles hereinafter
mentioned, the following duties, that is to say:

First: On iron, in any form, first proof, one
dollar per ton; on other iron, in any form,
second proof, one dollar per ton; on iron
